QUARTERLY INTEREST STATEMENT

This statement is to make you aware of your outstanding student loan balance serviced by Navient - Department of Education Loan Services.

Outstanding Interest	\$348.70**		
Last Interest Capitalization Date	12/17/13		
Aggregate Last Interest Capitalization Amount	897.69		
Outstanding Loan Balance	\$10,095.73		
Anticipated Repayment Begin Date:	06/17/10		

**If the outstanding interest is \$0:

- interest was recently capitalized (added to your loan balance), so an interest capitalization date and amount will be listed above, or
- you've made interest payments

Save Money, Pay Interest: You can avoid interest capitalization by paying the outstanding interest. You are not required to make any payments and will not be considered past due if you choose not to do so. However, you can save money by paying some or all of the interest now. You can even make payments toward the principal balance. Making payments will lower the total amount you have to repay, as any unpaid interest will be capitalized according to the terms of your promissory note. Interest will continue to accrue against the new principal balance.

You can make a payment in one of two easy ways:

- <u>Electronically:</u> for fast payment, go to Navient.com and log onto Manage your Loans(sm). You can make your payments through our online payment program.
- <u>By check:</u> Please make your check payable to Navient Department of Education Loan Services and send it along with the above invoice to:
